1. Overview

In response to the ongoing COVID-19 pandemic, London College of Music Examinations is offering recorded alternatives in order to assess the work candidates have prepared.

The following exam alternatives provide the opportunity for the assessment of musical performance, whereby candidates upload a video file of their performance, rather than attending an examination venue. Performances are assessed by trained LCME examiners, using the same standards and criteria as are used for face-to-face, live exams. This offers candidates a reliable, independent, regulated assessment of their performance standard, while benefitting from the flexibility allowed by the submission process.

2. Entry Details

Candidates entered for a face-to-face exam may choose to switch to a recorded exam at no additional cost. Once candidates have recorded their exams, they can be uploaded via the LCME website. Please see *submission guidelines for recorded exams* on the LCME website for details.

3. Recorded Exam Requirements

A recorded submission alternative for candidates who have entered for graded exams.

Candidates play the technical work listed in the *Technical Work and Spoken Test Questions* document (available for download from the LCME website).

Component 2: Rhythm Playing

Component 3: Lead Playing
